

1) GENERAL TERMS

These terms and the transaction details to which they apply (the "Agreement") set out all contractual terms relating to the sale of the specified products (the "Products"), except where INEOS France SAS (as defined below) has agreed in writing to any changes. For clarity, Your standard terms of purchase and the UN Convention for the International Sale of Goods do not apply. Definitions in "Incoterms 2000" apply. This Agreement is governed by French law, and the French courts will have exclusive jurisdiction in relation to it, save that INEOS France SAS may elect to bring proceedings in the country where You are incorporated. No representation or undertaking shall be taken to have been given or implied from negotiations between us save as expressly stated in this Agreement, and neither party shall have any remedy in respect of untrue statements relied upon, unless such statements were made fraudulently.

These terms apply between the buyer of Products ("You" or "Your") and INEOS France SAS (" INEOS France SAS", "Us", "Our" or "We"). We may assign Our rights to any third party, and in particular to INEOS Finance (Ireland) Ltd. If requested, You will provide Your consent to any transfer of obligations.

2) SALES AND DELIVERIES

INEOS France SAS will use reasonable endeavours to achieve delivery on time, in full (within a 5% weight-tolerance). INEOS France SAS will keep You informed of any material variation from agreed delivery times. The sales are concluded subject to transport facilities and INEOS France SAS does not accept any liability for late delivery or default delivery. You must provide what are, in INEOS France SAS' opinion, proper, safe access and facilities to accept deliveries, and must reimburse any additional actual costs incurred by INEOS France SAS if We suspend or refuse delivery where such access or facilities are not available or where unloading takes more than a reasonable time for a reason not attributable to INEOS France SAS, INEOS France SAS may inspect your facilities, if necessary, by entering Your premises. Delivery to or use by INEOS France SAS of any facilities does not constitute their approval by or acceptability to Us.

3) MEASUREMENTS

INEOS France SAS' quantity and quality measurements taken at the point of loading will be stated in the invoice and shall be binding unless proved by You to be in error.

4) TRANSFER OF OWNERSHIP AND RISK

INEOS France SAS will retain ownership of the Products until payment for the relevant quantity is actually received by Us (or to our order), even if You have co-mingled the Products with other goods. Until payment is made, the Products must be separately stored, identified (where possible) and must be returned or be available for collection at INEOS France SAS' request. INEOS France SAS may enter Your premises to collect Our Products. INEOS France SAS may maintain an action for payment, notwithstanding that INEOS France SAS retains ownership of the Products. Risk in the Products shall pass to You as per the agreed Incoterm. The Products and the packing products shall always travel at Your risk.

5) PRICE, PAYMENT

Unless otherwise agreed:

(a) The relevant price for the Products will be INEOS France SAS' price applicable on the date of loading;

(b) full payment must be received (without deduction for set off or counter claim unless INEOS France SAS shall have given its prior written approval) when due by electronic funds transfer to the account nominated by INEOS France SAS in the currency specified on the invoice. Funds must be received in the nominated bank account no later than the last banking day before the due date if that due date falls on a non-banking day. Late payments bear interest at the rate corresponding to one and a half times the official rate of interest, without any formality;

(c) if INEOS France SAS require, deliveries may be suspended until You provide acceptable security for payment or if any invoice is not paid when due, without prejudice to any other rights INEOS France SAS may have;

(d) quoted prices do not include any Value Added Tax (or its equivalent), or any other taxes or charges, if applicable. You must promptly provide INEOS France SAS on request with all evidence required under local, national or EU laws to justify any request for exemption from VAT or other applicable taxes. You indemnify INEOS France SAS against any tax, cost or penalty it may incur if the request for exemption is found not to be justified.

(e) Where the price is determined by a formula, and variable values are not known, the most recent applied price shall be used as an interim price with subsequent readjustment.

6) LIMITATION OF LIABILITY

INEOS France SAS prices are listed and negotiated on the basis that Our maximum legal liability will be restricted. Customers normally have their own risk mitigation and management arrangements in place and duplication of these would be wasteful. INEOS France SAS is willing to negotiate higher liability limits with You, subject to commensurate increases in price. Unless otherwise agreed in writing, neither party shall have any liability to the other for any indirect, special or consequential loss or damage, or for any loss of revenue, profit or goodwill, arising out of or in connection with this Agreement. In respect of all other loss or damage, INEOS France SAS' maximum aggregate liability to You arising out of or in connection with each sale under the Agreement shall be the higher of:

(a) 4% of the aggregate invoice of sales of the same product(s) by INEOS France SAS to You during the year prior to the date of delivery of the Products to which the relevant sale relates;

or

(b) 150,000 EUR

Subject to a maximum liability of 300,000 EUR.

INEOS France SAS is released from all liability in excess of this maximum, even where caused by Our negligence or breach of duty, except in the case of fraud or where INEOS France SAS' negligence results in death or personal injury.

7) WARRANTIES

INEOS France SAS warrants that it is able to pass ownership of the Products sold to You, that they will meet the relevant contractual specification at the point where risk passes to You, and that they do not infringe any patent in their country of origin. ALL OTHER CONDITIONS, WARRANTIES OR TERMS, EXPRESS OR IMPLIED (WHETHER BY STATUTE OR OTHERWISE) ARE EXCLUDED including as to quality, description or fitness for any purpose. Your attention is drawn to Our published Material Safety Data Sheets regarding the Products. However, any information or advice from INEOS France SAS is given and accepted at Your risk.

8) MAKING CLAIMS

Any claim for shortage, or damage in transit, must be made to INEOS France SAS in writing within 3 days of receipt of the Products. Any claim for non-conformity to specification must:

(a) be made without delay after You become aware of the non-conformity but no later than 40 days from receipt of the Products; and

(b) in respect of Products which have been processed, be supported by reasonable evidence that the defect was not ascertainable before processing.

In the event of default, concealed defect ("vice caché"), wholly or partially missing Products, Our liability will be limited solely to the replacement of the defective or missing Products.

Only differences in net weight or volume against invoiced quantity in excess of 0.5% per bag or bulk delivery, or 1% per drum, may be subject to quantity claims.

Any claims not made as required shall be waived.

9) INABILITY TO DELIVER

If INEOS France SAS is prevented or partially prevented from or is delayed in delivering the Products to You for any reason beyond its reasonable control, including the case of force majeure, such as strike, grave accident or third person default, INEOS France SAS will not be obliged to purchase substitute products from any third party, and may allocate available supplies amongst You and others (including INEOS France SAS and Our related companies) on such basis as INEOS France SAS believes is fair and practical. Any liability for delay or failure to deliver is excluded where this clause applies.

10) RETURNABLE CONTAINERS

Where Products are supplied in returnable containers or pallets, these must be promptly returned to INEOS France SAS at Your cost in substantially the same condition as You received them. If containers or pallets are returned damaged or not returned within 90 days of delivery, INEOS France SAS may invoice You for their repair or replacement.

In the case of non-returnable containers or packaging, You must destroy these after use at Your own cost. The containers are exclusively reserved for the Products.

11) INTELLECTUAL PROPERTY

By purchasing Products, You shall not obtain any rights to any intellectual property in or relating to the Products, including (without limitation) any trade marks, copyright, patents or rights in designs and, where such intellectual property is capable of registration, whether or not the same is registered.
